GOVERNMENT OF BOMBAY.

GENERAL DEPARTMENT.

Resolution no. P. 55.

Bombay Castle, 8th December 1928.

Read the reports from the Commissioner in Sind and the Commissioners of Divisions on the working of the Municipalities and Notified Areas in the Bombay Presidency for the year 1926-27.

RESOLUTION.

PART I—SUMMARY.

Number and Area.—The number of Municipalities in the Bombay Presidency including Sind was 156 as in the previous year. In the Bombay Suburban Division a new notified area was created at Chembur.* The numbers of Notified Areas in the various divisions of the Presidency proper, exclusive of those which merely exist for the control of buildings and do not levy taxes, were therefore eight in the Bombay Suburban Division, one in the Central Division and four in the Southern Division. A proposal to establish a Notified Area Committee at Annigeri in the Southern Division is still under consideration.

2. *Change in the Population and Boundaries.*—There has been no appreciable change in the population resident in the Municipal districts in the year under review. The total of 26,78,542 showed an increase of about 1,000 over that of the previous year. The Municipal limits of Kapadvanj in the Northern Division, of Ahmednagar in the Central Division and of Mirpurkhas in Sind were slightly altered during the year.

3. *Constitution of Municipalities.*—The constitution of all the Municipalities in the Northern Division remained unaltered. Triennial elections were held in the Municipalities of Sanand, Prantij, Dhandhuka, Ankleshwar, Jambusar, Thana and Kalyan. By-elections due to death, resignation or disqualification of councillors occurred at Prantij, Gogho, Raipur, Virangam, Modasa, Kapadvanj, Anand, Broach and Bassein. The election proceedings were uneventful and in some cases there was no competition at all. All the Municipalities in the Northern Division possess elected Presidents and four-fifths of the number of their councillors.

In the Bombay Suburban Division triennial elections were held in Bandra and Ghatkoper-Kirol. There was no change in the constitution of any of the Municipalities except in the case of Bandra. The election rules of the latter Municipality were amended with a view to bring them into conformity with the provisions of the Bombay City Municipalities Act, 1925, with the result that with effect from the 1st April 1927, one out of the five nominated seats was converted into an elected seat, four instead of three seats being reserved for Muhammadans.

In the Central Division triennial elections were held in the Municipalities of Faizpur, Erandol, Shahada, Sindkheda, Betawad, Nandurbar, Pandharpur and Karmala. At Pandharpur the election was held under the new rules framed under the Bombay City Municipalities Act, 1925. Only one by-election was held owing to the death of an elected councillor of the Ashta Municipality. Triennial elections were held at Bhusawal and Nasik but they were declared illegal as they were held under the old election rules framed under Act III of 1901 which did not provide for a separate constituency for the depressed classes. By a special Act† these bodies, whose term of office expired on the 31st December 1926, were revived and

* It actually came into existence in February 1927.

† Bombay Act I of 1927.

their terms extended to 30th September 1927. In order to enable the Municipalities of Ahmednagar, Dhulia and Lonavla to hold their elections in accordance with the new election rules framed under the Bombay Act XVIII of 1925, the terms of these bodies also were extended.

In the Southern Division triennial elections were held at Gokak, Bagalkot, Panvel and Chiplun. In Bagalkot where the elections were keenly contested, three applications from unsuccessful candidates to set aside the elections were dismissed by the Court. By-elections were held at Chiplun, Vengurla, Malwan, Karwar, Alibag, Uran, Haveri, Mahad, Dharwar and Navalgund. The term of office of the Dharwar Municipal borough which expired on the 30th April 1927 was further extended up to the end of December 1927 under Bombay Act I of 1927 as the elections could not be held in time for want of the new election rules framed under the Bombay City Municipalities Act, 1925.

In Sind the constitution of the Municipalities remained unaltered. Hyderabad, Sukkur, Shikarpur and Larkana were declared Municipal boroughs under the Bombay City Municipalities Act, 1925.

4. *Attendance at Municipal meetings.*—The number of meetings held was 3,854 against 3,925 in the previous year. The average attendance of members throughout the Presidency rose from 56·2 per cent. in the previous year to 59·5 per cent. in the year under report. There were, however, some conspicuous examples of failure on the part of members to attend. At Nargund only five meetings were held of which three proved abortive. At Bagalkot the number of abortive meetings increased from 23 to 28. In Sind the attendance of councillors at municipal meetings is reported to be generally unsatisfactory. In the case of Taloda the percentage of meetings which failed for want of a quorum was as high as 58. In the Northern Division the total number of meetings was 928, of which 295 were adjourned and 138 proved abortive. Kaira and Surat Districts were the worst in this respect.

5. *Changes in the system of Taxation : House Tax.*—No important changes in this direction have taken place. The Ahmedabad, Pandharpur, Mahableshwar and Raver Municipalities revised their house-tax schedules. The work of removing the inequalities in the assessment lists of the Bijapur Municipality referred to in the last year's report has not been completed in consequence of an outbreak of plague in the City.

Octroi.—The Municipalities of Bijapur, Ratnagiri, Mahad, Bhatkal, Athni, Saswad, Nasarpur, Tando Muhammad Khan and Hyderabad revised their octroi schedules.

Terminal Tax.—Vengurla and Broach have remodelled their terminal tax schedules.

Water Rate.—The Bhiwandi Municipality brought into force the increased water rate sanctioned by the Commissioner in 1925. The Bijapur Municipality also has introduced a revised general water rate.

Sanitary Cess.—Bijapur, Ratnagiri, Ahmednagar, Chopda, Taloda and Saswad have taken action to revise their schedules of special and general sanitary cess. Panvel introduced the general sanitary cess while Kurla levied a 2 per cent. special sanitary cess. In spite of repeated advice from the Collectors, Alibag, Pen, Nadiad, Kaira, Kapadvanj and Umreth Municipalities have not yet revised their sanitary cess rules in accordance with the principles laid down by Government.

Conveyance Tax and Tolls.—The reports of the Commissioners of Divisions indicate that there is an increasing disposition to impose toll and wheel tax in new areas and to increase the rates of levy of these taxes where they were already in existence.

Miscellaneous Taxes.—In accordance with the suggestion of Government Dakor has raised its pilgrim tax and Kalyan has levied fees on slaughter houses. Rules for the levy by the Haveri Municipality of fees on pleaders and shroffs have been sanctioned. Sirsi has imposed a tax on restaurants and shops selling bidis, cigars, etc. The Guledgud Municipality has introduced a tax on tea, coffee and aerated water shops.

6. *Municipal Income.*—During the year under report the aggregate gross income of the Municipalities increased from 319 lakhs to 339 lakhs. Deducting

receipts under "Extraordinary and Debt" the net income amounted to Rs. 236 lakhs against Rs. 223 lakhs in the previous year. The increase of 13 lakhs was mainly under the head "Miscellaneous" and was wholly contributed by the Karachi Municipality where it amounted to Rs. 13,30,900 and was accounted for by book adjustments of the different funds. On the other hand there was a decrease of Rs. 2·50 lakhs under "Municipal rates and taxes" counterbalanced by an increase of Rs. 3·30 lakhs under "grants and contributions."

7. *Octroi and Terminal Tax Receipts*.—Under this head there has been a decrease of Rs. 3,57,000, which is shared by Sind and all the Divisions. Of this decrease as much as Rs. 1,62,000 has been shewn by Sind, the decrease in the Northern, Central, Southern and Bombay Suburban Divisions being Rs. 1,25,000, Rs. 35,000, Rs. 24,000 and Rs. 11,000, respectively. The reason for this general decrease is reported to be due to all round depression in trade.

8. *Taxes on Houses and Lands*.—The receipts under this head showed an increase of Rs. 10,000. The decrease in the Southern Division amounted to Rs. 10,000, while in the Central Division the figures show an increase of Rs. 17,000. Variations in Sind and the other Divisions were insignificant.

9. *Water Rates*.—The largest portion out of the total increase of Rs. 85,000 under this head was contributed by Sind, which was responsible for an increase of Rs. 1,01,000. The Karachi Municipality alone accounted for an increase of Rs. 93,000, the enhanced income being due to revision of assessment and the assessment of new buildings erected during the year.

10. *Recovery of dues*.—The total amount of arrears of taxes and dues in all the Municipalities of the Presidency including Sind at the end of the year 1926-27 amounted to about Rs. 16 lakhs, the figure for 1925-26 being Rs. 13·55 lakhs. The main causes of the existence of these arrears are the dilatoriness of the Municipal collecting staff, the reluctance of tax payers and the general indifference of councillors towards this most important duty.

In the Northern Division the Ahmedabad Municipality took special precautions to enforce recoveries by execution of warrants and dues amounting to Rs. 2,52,000 were paid by the defaulters on sight of the warrants. It is unfortunate that the example of Ahmedabad has not been followed by the other municipalities at which places very heavy arrears remained uncollected. The heaviest arrears were in Surat (43 per cent.), Thana (31·7 per cent.), Kalyan (28·9 per cent.), Bassein (33 per cent.), Dakor (33 per cent.) and Godhra (42·8 per cent.).

In the Bombay Suburban Division the arrears were heaviest in the Kurla Municipality where they amounted to Rs. 1,47,325, being 76 per cent. of the total demand.

In the Central Division out of the total demand of Rs. 21,52,921, arrears at the end of the year amounted to Rs. 3,15,346, i.e., 14·6 per cent. More than 49·7 per cent. of the total amount of arrears was on account of house tax. The heaviest arrears were in Yawal (54·7 per cent.), Savda (27·9 per cent.), Dhulia (34·7 per cent.), Bhagur (47·2 per cent.), Lonavla (34·6 per cent.), Saswad (51·1 per cent.), Jejuri (54·4 per cent.), Indapur (63 per cent.), Sirur (42·2 per cent.), Junnar (28·6 per cent.), Mhaswad (33·8 per cent.), Karad (34·5 per cent.), Ashta (26·1 per cent.), Karmala (61·9 per cent.).

In the Southern Division, the heaviest arrears were in Athni (65·4 per cent.), Gokak (38·12 per cent.), Nargund (54·4 per cent.), Navalgund (28·4 per cent.), Dharwar (25·91 per cent.), Uran (31·8 per cent.) and Malwan (40 per cent.).

In Sind there was no appreciable improvement in the recovery of municipal dues. The outstanding balance (Rs. 2,58,000) is still 9 per cent. of the aggregate demand and Karachi is responsible for 85 per cent. of the outstandings.

11. *Revenue derived from Municipal property*.—Under this head there was a decrease of Rs. 44,000. The figures for the Northern, Central and Southern Divisions were Rs. 43,000, Rs. 80,000 and Rs. 9,000, respectively, below the figures for the previous year but this decrease is partly balanced by an increase of Rs. 50,000 in Sind and of Rs. 40,000 in the Bombay Suburban Division. In the Bombay Suburban Division an increase of Rs. 59,800 occurred in Kurla chiefly on account

of fees from markets and slaughter houses. The chief items which contributed to the increase in Sind were (1) sale proceeds of lands mainly in Karachi, Hyderabad and Larkana and (2) fees and revenue from markets and slaughter houses.

In the Northern Division a large decrease was recorded in Ahmedabad. The chief items which make up the decrease were (1) smaller receipts from fines under the Municipal and other Acts, (2) less interest received on account of the general decline in the rates of interest and (3) smaller realisation of premium on loans.

12. *Grants and contributions for general and special purposes.*—The receipts under this head, which consist mainly of grants-in-aid by Government to Municipalities for the improvement of water supply and drainage, for the entertainment of Health Officers and Sanitary Inspectors and for educational purposes, increased from Rs. 25,15,000 to Rs. 28,46,000. Sind showed an increase of Rs. 1,51,000, the Northern Division Rs. 79,000, the Bombay Suburban Division Rs. 19,000 and the Central Division Rs. 1,92,000. This increase was counterbalanced by a decrease of Rs. 1,17,000 in the Southern Division. Nearly the whole of this decrease occurred, under “Government grants for educational purposes” owing to the transfer of control of primary schools to the District Local Boards and the consequent transfer of the grants to the latter bodies.

13. *Nature of income and incidence per head of population.*—Of the total income of the Municipalities amounting to Rs. 2,35,83,000, Rs. 1,50,50,000 were realised from municipal taxes and rates compared with Rs. 1,53,09,000 in the preceding year, direct taxation yielding Rs. 91,01,000 or 60·6 per cent. and indirect taxation Rs. 59,49,000 or 39·4 per cent. The corresponding percentages in the previous year were 58·82 per cent. and 41·18 per cent., respectively. The average incidence of taxation per head of population fell from Rs. 5-11-6 to Rs. 5-9-10. On the other hand the income per head of population increased from Rs. 8-5-2 to Rs. 8-12-10.

14. *Working of octroi and terminal tax systems.*—In the Northern Division eight Municipalities, viz., Viramgam, Dholka, Ranpur, Gogho, Surat, Bulsar, Thana and Bassein continued to levy octroi. Sixteen Municipalities elected to substitute terminal tax while five Municipalities, viz., Modasa, Borsad, Dakor, Kapadvanj and Rander have abstained from availing themselves of either of these systems of taxation. Out of the gross receipts of Rs. 4,41,005 from octroi, a sum of Rs. 51,809 was granted as refunds, equivalent to a percentage of 12·6 against 10·84 in the previous year, the rise being due to the grant of refunds to the extent of Rs. 49,000 at Surat.

In the Bombay Suburban Division octroi is not imposed. Terminal tax is levied by the Bandra Municipality and the income derived from this tax was Rs. 83,000 against Rs. 94,000 in the previous year, the decrease being due to diminished importation of live stock. In the Central Division the octroi system was in vogue in 34 Municipalities, while nine Municipalities, viz., Ahmednagar, Vambori, Jalgaon, Raver, Dharangaon, Amalner, Chalisgaon, Dhulia and Nandgaon preferred a terminal tax. The collections from octroi amounted to Rs. 13,60,453, the net income being Rs. 12,57,201, the percentage of refunds being 7·58 against 7·02 of last year; the corresponding amount for the Southern Division was Rs. 5,50,000 of which Rs. 27,000 were refunded, the percentage of refunds being 4·9 per cent. against 3·9 in the previous year. There is a growing tendency among Municipalities to replace octroi by a terminal tax probably in order to avoid the trouble of making refunds, which is often considerable. In Sind the terminal tax system remained in force in the Karachi, Tatta, Ketri Bunder, Kotri, Sukkur, Shikarpur, Garhi Yasin, Ghotki, Larkana, Kambar, Mirpurkhas, Umarkot and Jacobabad Municipalities.

15. *Expenditure.*—The total expenditure of the Municipalities during the year under report was Rs. 343½ lakhs as against Rs. 322 lakhs in the previous year. Excluding the items of “Extraordinary and Debt” the expenditure amounted to Rs. 255½ lakhs against Rs. 239¾ lakhs of the previous year. The increase in the ordinary expenditure was, therefore, Rs. 15¾ lakhs.

16. *Water Supply.*—The expenditure on water supply decreased by Rs. 5 lakhs mainly under “Capital Outlay”, Sind and the Northern Division being responsible for a decrease of about 4½ lakhs and 2½ lakhs, respectively. This decrease was

counterbalanced by an increase of Rs. 1,26,000 in the Central Division. Good progress has been made during the year in the task of providing the needs of the public in this direction.

17. *Financial working of water supply installations.*—In the Northern Division the income of the Ahmedabad Municipality from water rates increased from Rs. 11,20,382 to Rs. 11,46,133, of which Rs. 8,81,632 were derived from the direct sale of water and Rs. 2,64,501 from the general water rate. The expenditure including interest, sinking fund instalment and depreciation charges amounted to Rs. 3,54,050 against Rs. 3,64,673 in the previous year. The working of the water supply installation at Surat shows a net profit of Rs. 49,356 against Rs. 90,825 in the preceding year. Rander and Bhiwandi Municipalities realised net profits of Rs. 1,254 and Rs. 3,032 respectively, while Thana showed a loss of Rs. 5,594.

In the Bombay Suburban Division none of the municipalities own an independent water supply system. Bandra and Kurla Municipalities obtain their water supply from the Development Department at the rate of annas 7 per 1,000 gallons in place of annas 12, the rate charged by the Bombay Municipality. The Development Department have their departmental water supply system in Ghatkoper.

In the Central Division the Ahmednagar, Jalgaon, Dhulia and Trimbak water works showed a profit. As reported last year the Nasik Municipality has still to pay a considerable balance to Government and the water works continue to be run at a loss. The Jalgaon Municipality raised a loan of Rs. 4,39,000 in the open market for the new water supply project from the Girna. The loan was subscribed by a single firm.

In the Southern Division the water works at Bijapur, Dharwar and Alibag worked at a loss of Rs. 18,836, Rs. 10,897 and Rs. 332, respectively. At Hubli the water supply accounts showed a profit of Rs. 7,000. Of the other three installations at Panvel, Pen and Roha, the first two worked at a profit and the last at a loss.

In Sind the water supply accounts of the Hyderabad Municipality showed a total revenue of Rs. 1,58,800 and an expenditure of Rs. 1,14,000, leaving a closing balance of Rs. 44,800. In Sukkur the revenue amounted to Rs. 71,900 and the expenditure to Rs. 52,900. A sum of Rs. 21,100 was derived from the direct sale of water.

18. *Drainage.*—In the Northern Division the Ahmedabad and Surat Municipalities are responsible for the decrease of Rs. 1,70,000, the former alone spent Rs. 1,98,000 less on the construction of new underground drains. In the Central Division the increase of Rs. 1,58,000 was shared by all the Districts except Nasik and Satara. At Poona work in connection with the Poona Drainage Scheme continued; at Baramati, Ahmednagar, Sangamner, Jalgaon, Bhusaval, Parola, Faizpur, Dhulia and Sholapur, the Municipal Boards spent sums in constructing drains and gutters.

In the Southern Division a net increase of Rs. 40,000 was wholly contributed by the Dharwar District, Rs. 37,000 being spent alone by Gadag-Betgeri on its new scheme. No original works were carried out in other Districts.

In Sind there was a net increase of Rs. 39,000. Karachi expended about Rs. 32,000 more than the amount spent in the previous year. New drains were constructed at Hala, Sukkur and Tando Adam.

19. *Conservancy.*—The expenditure under this head for the year under report was Rs. 32,84,000 against Rs. 32,47,000 in the previous year. This small increase was uniformly distributed over all districts and represents—

- (a) the cost of construction of new latrines, gutters, etc.,
- (b) cost of new staff employed,
- (c) increments in pay to staff,
- (d) purchase of dust bins and other requirements.

20. *Road expenditure and appropriation of wheel tax and road tolls for that purpose.*—The expenditure incurred under this head amounted to Rs. 23,34,000 against Rs. 23,13,000 in the previous year. Sind, Northern Division, Southern Division and Bombay Suburban Division each contributed Rs. 60,000, 6,000, 5,000 and 13,000 respectively, to the general increase while the Central Division showed a decrease of Rs. 63,000. Several municipalities still persist in disregarding the rule that the whole of the net receipts from wheel tax and road tolls should be expended on road repairs and road construction. In the Northern Division, Rander and Bassein were the worst offenders. The Municipalities of Ahmedabad, Broach, Surat, Thana and Kalyan deserve special mention in this connection for spending on their roads during the year large amounts in excess of their income from these taxes. In the Central Division the majority of the municipalities spent more on their roads than their income from wheel and toll taxes—exceptions being Erandol, Chalisgaon, Shahada, Taloda, Sangamner, Yeola, Bhagur, Saswad, Jejuri, Sirur, Alandi, Baramati, Barsi, Pandharpur, Sangola and all the municipalities in the Satara District excepting Panchgani and Rahimatpur. In the Southern Division the rule appears to have been honoured as much in the breach as in the observance. Several municipalities had large unspent balances which are ascribed to the fact that they had incurred expenditure in excess of the income in previous years—an explanation which is not quite convincing—although the balances have been credited to a separate account for eventual expenditure on roads. In Sind the Tatta, Shikarpur, Garhi-Yasin, Rohri, Ghotki and Ratodero Municipalities failed to spend fully the income which accrued during the year from the levy of wheel tax and road tolls.

In the Northern Division no progress is reported to have been made by any of the municipalities in prescribing the regular lines of streets during the year. At Nadiad the work of prescribing regular lines is left to be done by the Chief Officer under section 118 of the Bombay City Municipalities Act, 1925.

In the Bombay Suburban Division, the Bandra Municipality has made appreciable progress in acquiring seven set back lines on four different roads. The Kurla and Ghatkopar-Kirol Municipalities failed to take action in this matter.

In the Central Division with the exception of Dhulia, Nandurbar, Nasik, Poona City and Sholapur practically no progress has been made. Dhulia has, however, completed the work of prescribing regular lines, while Nasik prescribed regular lines in two streets and the work of widening the main road is being taken in hand seriously. Poona and Sholapur prescribed lines in four streets and sixty streets, respectively.

In the Southern Division, Bijapur has aligned ten streets and Gadag-Betgeri eight streets. Haveri has also aligned its streets and widened some of them. In Ranabennur the work has been completed. No action was taken by any other municipality in this Division except Matheran.

In Sind city survey operations were completed at Tando Adam and alignment of streets will now follow. In Karachi, Hyderabad and Shikarpur regular lines of certain streets were prescribed. No action in this direction appears to have been taken by Garhi Yasin and Rohri. In Jacobabad it is proposed to comply with the provisions of this section as soon as the City Survey maps are received.

21. *Public Instruction.*—The total expenditure under this head amounted to Rs. 45,96,000 against Rs. 43,31,000 in the preceding year. In the Northern Division the increase of Rs. 1,47,000 under this head was shared mainly by the Municipalities of Ahmedabad, Surat and Broach. The increase at Surat was nominal being due to the fact that the Surat Municipality handed over the Government grant in the previous year directly to its School Board instead of passing the sum through the municipal accounts as has been done in the year under report. In the Central Division the increase of Rs. 1,27,600 was shared by the municipalities in the districts of Ahmednagar, Nasik, Poona and Sholapur. In the Southern Division as a result of the transfer of the control of primary schools to the District Local Boards a large decrease of Rs. 1,61,000 was recorded and was shared in by all Districts except Bijapur and Kolaba. The figure for Sind has risen by Rs. 1,57,000, the increase

being distributed among the Karachi, Hyderabad, Sukkur and Shikarpur Municipalities. The Bombay Suburban Division was responsible for a decrease of Rs. 15,000 due to the transfer of the control of primary education to the District Local Board.

22. *Closing Balance.*—The year's working resulted in a decrease of Rs. 4,59,000 in the total closing balances. Sind, the Northern, Bombay Suburban and Southern Divisions were responsible for decreases of Rs. 3,75,000, Rs. 87,000, Rs. 12,500 and Rs. 2,10,000, respectively, while the Central Division showed an increase of Rs. 2,27,000. The aggregate closing balance of all the municipalities in the Presidency including Sind amounted to Rs. 1,13,92,000 against Rs. 1,18,51,000 in the preceding year. In Sind the total income rose by Rs. 21,49,000 and the total expenditure by Rs. 18,14,000 and the actual balance excluding deposits amounted to Rs. 77·35 lakhs of which Rs. 57·51 lakhs appertain to the Karachi Municipality.

23. *Audit of Accounts.*—The Accountant General's Local Audit Department audited the accounts of all the municipalities in the Presidency including Sind during the year under review with the exception of Dhulia, Bhagur and Satara City in the Central Division and Manjhand, Larkana and Kambar in Sind. Several irregularities have been brought to light, the most common and persistent being heavy arrears, disregard of municipal rules, omission to obtain the proper sanction for changes in establishment and other matters and even contumacy on the part of the councillors themselves in paying up their dues. There is general criticism that municipalities evade taking suitable action on the points raised in the audit notes. In the Northern Division the municipalities of Thana and Rander are examples of abnormal delay in the disposal of the audit notes. In the Central Division the affairs of the Karad Municipality were reported last year to be in a chaotic condition. Some improvement has since been effected as the municipality has taken steps to collect the arrears. The municipalities of Poona City, Poona Suburban, Saswad, Jejuri, Sirur, Indapur, Talegaon Dabhade, Alandi, Sholapur, Barsi, Pandharpur, Karmala and Sangola are reported to have displayed undue negligence in the disposal of their audit notes. In the Southern Division serious irregularities were noticed in Belgaum, Athni, Dharwar and Malwan. Practically no improvement was noticeable in Belgaum; a long standing balance of municipal money due from a councillor still remains unpaid; eleven councillors were in arrears with their dues and four others, including the President, the Chairman of the Managing Committee and Chairman of the Schools Committee, only paid up their dues under pressure. In Athni the arrears were astonishingly large and three councillors have failed to liquidate their debts. In the case of Dharwar the Examiner points out that every department of the administration of the municipality shows unmistakable signs of deterioration and calls for thorough overhauling.

24. *Grants for Sanitary and Town Improvement Schemes.*—As usual a wholesome and plentiful water supply, efficient drainage, the opening up of congested and insanitary localities, good roads, hygienic school buildings, with adequate play grounds, improved conservancy arrangements, municipal office buildings, dispensary buildings, markets, slaughter houses, etc., are reported to be the pressing and general needs of the municipalities. Government have hitherto, so far as the state of their finances permitted, assisted these bodies towards the attainment of the more important desiderata by granting loans and liberal grants-in-aid from time to time. The financial grants made during the year were :—

	Rs.
Grant-in-aid to the Kapadvanj Municipality towards its water supply scheme	60,000
Grant-in-aid to the Ahmedabad Municipality towards its project for improvement of its water works.	17,500
Allotment to the Sanitary Board for making grants-in-aid to local bodies for minor sanitary projects	50,000
Grant-in-aid to the Poona City Municipality on account of the Poona Drainage Improvement scheme	2,90,000

	Rs.
Grant-in-aid to the Matheran Municipality towards its water supply scheme	18,021
Grant-in-aid to the Dhulia Municipality towards its drainage scheme	62,744
Grant-in-aid to the Mahableshwar Municipality for providing a chlorinating arrangement for the Bishop's tank at Mahableshwar	12,000
Grant-in-aid to the Sholapur Municipality towards its drainage scheme	29,300
Grant-in-aid to the Sholapur Municipality towards its water works.. .. .	10,119

PART II

(REMARKS REGARDING THE PRINCIPAL MUNICIPALITIES)

25. *Ahmedabad*.—Government are pleased to note that, under the able guidance of the President all round improvements in the municipal administration have been effected. However, there is still much leeway to be made up and they trust that earnest efforts will be made to improve the housing conditions of the millhands and thereby to reduce the high infant mortality which must continue to prevail so long as the present conditions exist.

It is satisfactory to find that arrears of taxes are being steadily reduced. The attention of the municipality has been invited to the fact that whereas in Karachi, a smaller city than Ahmedabad, the incidence of taxation is Rs. 15-0-5, in Ahmedabad it is only Rs. 8-9-7. It is regrettable to find that in such an advanced city there is no house-tax and that the weight of taxation falls on the poorer classes. It is imperative that the municipality should make efforts to reverse these conditions. In present financial conditions it is impossible for the Government to hold out any hope of assisting the town-planning, drainage and water supply schemes by grants-in-aid. Government are, however, confident that with the great wealth of its industries behind it, the municipality is competent to finance the necessary schemes unaided, and will not fail to do so.

Surat.—The financial position of the municipality is still unsatisfactory and Government hope that early steps will be taken to devise ways and means to enable it to undertake the schemes of drainage, water supply and sanitary improvements which are urgently required.

The continuance of heavy arrears of municipal taxes from year to year discloses a regrettable lack of efficiency in the collection staff, the urgent necessity of overhauling which has been brought to the notice of the municipality. The arrears are heaviest under "Special and General Sanitary Cess." These are attributed to a serious defect in the rules regulating the cess, which require to be amended without delay.

The high rates of general mortality and especially of infant mortality prevailing in the City are unsatisfactory. The municipality has been asked to amend its bylaws, which are reported to be largely responsible for the present unhealthy condition of the City.

Poona.—The financial position of the municipality is fairly satisfactory. In the opinion of Government the municipality should take effective measures for the speedy recovery of the arrears which are heavy. The increase in the death rate during the period under report is alleged to be due to the insanitary condition of the city and calls for early remedial measures. The principal problem before the Municipality is the opening of new roads to remove congestion and provide for the expansion of the City. Government trust that the municipality will put forth every possible effort to check the increase in the number of deaths. The provision of flushing privies, the new drainage scheme and the improvement of the water supply are steps in the right direction.

Karachi.—The Municipality has under contemplation several ambitious schemes involving heavy expenditure. It appears to be doubtful whether with its present resources the municipality can undertake these schemes, some of which seem to be essential for the health and well-being of the citizens, Government trust that the municipality will consider at an early date the measures required to provide the necessary funds. They consider that the congestion in the matter of house accommodation is deplorable and hope that every effort will be made by the municipality to improve the sanitary conditions as early as possible. In view of the large area of Government land, which has been handed over to the municipality in the past, schemes of development to remove the present congestion should be pushed on without delay. Government concur with the Commissioner in Sind that the failure of the municipality to submit its views on the draft municipal bill which has been under consideration for nearly three years is not creditable to it and betrays a lack of business methods in the disposal of its work.

Hyderabad.—Government note with satisfaction that the management of the municipality continues to be efficient and that arrears of taxation have been reduced to a reasonable figure. They agree with the Commissioner that it is desirable that the municipality should consider seriously the possibility of developing their sources of income in order to permit the financing of urgent schemes of sanitation and general improvement.

The rise in the death rate, particularly among children, is a disquieting feature of the report. The opening of a tuberculosis dispensary, the appointment of a Lady Health visitor and the opening of a Child Welfare Centre are steps in the right direction. But these measures touch but a fringe of the general question of the improvement of health in the City which can adequately be dealt with only when the congested areas in the City are opened out.

PART III.

General Remarks.

26. The extent of the responsibility which has devolved upon municipalities may be gauged from the fact that they are now in the aggregate entrusted with the spending of 2½ crores of rupees annually. Of this large sum 1½ crores are levied from the public in the form of municipal rates and taxes. It is evident therefore that unless a reasonable average standard of efficiency and integrity can be maintained in these bodies there is the possibility of very serious waste of the public resources, and that Government as well as the public generally are entitled to look to the municipal boards for increasing signs of the development of a sense of public duty. Government are glad to observe that in several of the most important municipalities, where a considerable body of enlightened public opinion exists, the administration is now conducted on businesslike lines. They are also pleased to acknowledge that in individual cases of minor municipalities a President who takes a keen interest in his work is sometimes able to achieve satisfactory results by his own almost unaided efforts. But it must, with regret, be admitted that in the case of the generality of the smaller municipalities the results of the year do not offer much ground for encouragement. There are still too many cases in which the councillors are reported to be apathetic and do not even take sufficient interest to attend the meetings regularly. It is to be feared that such councillors do not approach their work with any sense of civic responsibility, and that they value membership only for the sake of the personal advantages which it enables them to obtain. This attitude is responsible for the executive weakness which is so deplorably common in the smaller municipalities and which has, during the year under review, cost the public no less than 16 lakhs in the shape of arrears of municipal dues.

The public, on their part, show little sign of rallying to the support of efficient municipal administration or of taxation on the scale which is necessary to provide the conveniences which they nevertheless demand. Proposals to increase taxation are almost invariably rejected on the ground of public opposition, and in their anxiety to avoid direct taxation the municipalities are too prone to resort to indirect taxation, even where it may react on the prosperity of their towns by imposing burdens on transit trade.

From every Division it is reported that party dissensions and communal factions are among the most serious impediments to progress in municipal affairs. Government view this tendency with great regret and they desire it to be known that where the welfare of the general public is constantly subordinated to such personal considerations they will regard this circumstance as evidence of the unfitness of the municipalities concerned to manage their own affairs.

By order of the Government of Bombay
(Transferred Departments),

C. W. A. TURNER,
Secretary to Government.

NOTE* The closing balance of the last year was Rs. 4,340. But the Municipality explains that Rs. 42-12-0 on account of item of Sanitary Committee of Hala old were through mistake shown in the accounts of the Municipality and Rs. 56 on account of School Grant have been shown in excess thus making a difference of Rs. 99.

† The difference between the last year's closing balance and this year's opening balance is due to a sum of Rs. 3,638 on account of realization of Sinking fund for repayment of loans not having been shown in Statement No. II for 1925-26.

* Besides this a sum of Rs. 22,164 was recovered as Terminal Tax on articles imported from Nagar Railway Station and the incidence has been arrived at on total receipts.

† Besides this a sum of Rs. 1,530 was recovered as Terminal Tax on articles exported from the Vambori Railway Station. The total receipts amount to Rs. 3,193 and the incidence in Column 63 has been worked out on that figure.

‡ The incidence of taxation is worked out on including export terminal tax on cotton bales. The incidence of taxation excluding export terminal tax on cotton bales is Rs. 1-9-8.
